MEDIA RELATIONS SERVICES
BERNAMA is a Board member of an established consortium consisting mainly of the principal news agencies within the Asia Pacific region. We have working arrangements with overseas affiliates for distribution of press releases in the USA, UK/Europe, Middle East, Canada, Latin America and Africa.

A key part of the AsiaNet service is to provide media in many lands with a translated version of the client's original copy in a style acceptable for publication. This overcomes cultural and language barriers and guarantees some news-of-the-day consideration by media.

In summary, AsiaNet, through its prominent news partners, arranges for clients' news releases to be distributed in full text, unedited and translated where necessary. They are dispatched through AsiaNet's Internet Operations Platform to locations and lists reaching a combination of general news and industry-specific media as required by the client.
