Gamuda Gardens will be home to Malaysia's first Luge Activity Park featuring the Skyline Luge's first multi-cornered zipline and Malaysia's first ski lift ride.

The biophilic regional retail-tainment mall anchored by the Luge Activity Park and a Play Park connected by a linear boulevard flanked by open-air retail spaces on both sides, kick-starting the vibrancy at Gamuda Gardens City Centre.

The 50,000 sq. ft. Play Park will comprise a good mix of wet and dry recreational rides, complementing the Skyline Activity Park by end 2023.
